

January 27, 2022

Dear Commissioner Scheller,

I want to congratulate you on entering this year's contest to become the Republican nominee for Pennsylvania's 7th Congressional District. Soon, the petitions will be filed and the primary will be upon us. Therefore, we should waste no time in scheduling a series of upcoming debates for the public.

I propose six public debates as follows:

- At least one in Lehigh County
- At least one in Northampton County
- At one in Monroe, Carbon or Berks counties, depending on the final boundaries. If multiple counties are included, I propose adding debates to have at least one per county.
- At least one online

The debates should occur March through early May, pending on when the new district maps are released, with the first debate occurring the week of March 14, 2022. At least three of the debates should be televised:

- Business Matters (WFMZ-69)
- Lehigh Valley PBS (WLVT-39)
- Blue Ridge Cable TV (BRC13)

If we assume the three televised debates will be in the respective studios, that leaves two debates with locations to be determined. I propose you choose one and I choose the other. The online forum will use a platform of our mutual choosing.

If any other candidates file petitions to run for PA-07, they are welcome to participate too.

Please let me know by February 3rd whether you accept this framework. Then we will get to work immediately to establish dates, times, and formats. I can be reached by email at kevin@dellickerforcongress.com.

I am excited about the opportunity to engage in the democratic process and provide maximum opportunities for PA-07 voters to learn about their Republican candidates for Congress.

Sincerely,

Kevin Dellicker
