## **SEAL PAC ENDORSES KEVIN DELLICKER FOR CONGRESS**

Dellicker proudly accepts support from nation's largest pro-veteran political action committee

**GERMANSVILLE, PA** – SEAL PAC, the nation's largest and most impactful conservative, pro-veteran political action committee (PAC), today endorsed Kevin Dellicker as the next congressman from Pennsylvania's 7<sup>th</sup> District.

"For 28 years, Kevin Dellicker has been fighting for America's freedom as a member of the U.S. Armed Services," said Rep. Ryan Zinke, Chairman of SEAL PAC. "Now we need Kevin in Washington to continue that fight as a Member of Congress." Chairman Zinke is the U.S. Representative from Montana's 1st District, the Former Secretary of the Interior from 2017 to 2019, and former Navy SEAL Commander and combat veteran.

Dellicker thanked SEAL PAC for its support and acknowledged its mission to elect conservative military veterans to Congress. **"The number of military veterans in Congress is near historic lows,"** said Dellicker. **"We need to elect more veterans with real-world experience to defend our country and American way of life."**

During his long military career, Dellicker has served as an Army infantry soldier and Air Force intelligence officer. He deployed four times to the combat zone for the Global War on Terrorism and, today, serves as commander of an Air National Guard unit in Pennsylvania.

**"Kevin has demonstrated the moral clarity, strength of character, good judgment, and dedication and duty necessary to lead in these uncertain times,"** said Zinke. **"His record of finding practical solutions to difficult problems brings the kind of leadership to Washington our nation needs right now."**

SEAL PAC has helped elect dozens of conservative veterans to Congress, including former Navy SEAL combat veterans Derrick Van Orden of Wisconsin and Morgan Luttrell and Dan Crenshaw of Texas. SEAL PAC's goals for 2024 election cycle are to enlarge the conservative House majority, win a conservative Senate majority, and take back the White House.

"I look forward to working with SEAL PAC and other conservative military candidates to ensure safe communities and keep America free," said Dellicker.
